

Exifoam (For Agricultural Use)

Safety Data Sheet

according to the Work Health and Safety (WHS) Regulations
Issue date: 2/07/2025 Version: 1.0

SECTION 1: Product identifier

1.1. GHS Product identifier

Product form : Mixture
Product name : Exifoam (For Agricultural Use)
Product code : 469629

1.2. Other means of identification

No additional information available

1.3. Recommended use of the chemical and restrictions on use

Recommended use : Anti-foam

1.4. Details of manufacturer or importer

Supplier

Azelis Australia Pty Ltd
Suites 217-219
117 Old Pittwater Road, Brookvale, NSW 2100
Australia
Phone: +61 0299392188
Fax: +61 0299392799
e-mail: info@azelis.com.au

1.5. Emergency phone number

Emergency number : 1800 127 406 (24 h, Australia) | +64 4 917 9888 (24 h, Worldwide)
CareChem 24x7 : EUROPE: +44 1235 239670 | USA: +1 202 464 2554 | CANADA - +1 800 579 7421 (Toll Free)| ASIA - +65 3158 1074 | MOROCCO - +44 1235 239671 | REST OF THE WORLD - +44 1865 407333 (English only)

SECTION 2: Hazard identification

2.1. Classification of the hazardous chemical

Classification according to the model Work Health and Safety Regulations (WHS Regulations)

Not classified

2.2. GHS Label elements, including precautionary statements

No labelling applicable

2.3. Other hazards which do not result in classification

No additional information available

SECTION 3: Composition and information on ingredients

Name	CAS-No.	%	Classification according to the model Work Health and Safety Regulations (WHS Regulations)
Polydimethylsiloxane	63148-62-9	5 – 30	Not classified

Exifoam (For Agricultural Use)

Safety Data Sheet

according to the Work Health and Safety (WHS) Regulations

SECTION 4: First aid measures

4.1. Description of necessary first-aid measures

First-aid measures after inhalation	: If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Seek medical attention if breathing problems develop.
First-aid measures after skin contact	: In case of skin contact, immediately remove contaminated clothing and wash affected areas with water and soap. Seek medical attention if symptoms occur.
First-aid measures after eye contact	: In case of eye contact, rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Seek medical attention.
First-aid measures after ingestion	: If swallowed, do not induce vomiting. Do not give anything by mouth to an unconscious person. Seek immediate medical attention.

4.2. Symptoms caused by exposure

Symptoms/effects after skin contact	: May cause mild irritation in sensitive people.
Symptoms/effects after ingestion	: May cause irritation to mouth, throat and stomach. May cause nausea and diarrhoea.

4.3. Medical attention and special treatment

Other medical advice or treatment	: Treat symptomatically.
-----------------------------------	--------------------------

SECTION 5: Fire-fighting measures

5.1. Extinguishing media

Suitable extinguishing media	: Use fire extinguishing methods suitable to surrounding conditions. Water spray. Carbon dioxide. Foam. Dry Agent.
------------------------------	--

5.2. Specific hazards arising from the chemical

Fire hazard	: Not readily combustible.
General measures	: Absorb spillage to prevent material damage.
Hazardous decomposition products in case of fire	: Toxic fumes may be released. Once water ingredient has evaporated, product will burn and can emit toxic fumes. Carbon oxides (CO, CO ₂). Silicon oxides.

5.3. Special protective equipment and precautions for fire-fighters

Firefighting instructions	: Fight fire from safe distance and protected location. Do not enter fire area without proper protective equipment, including respiratory protection.
Protection during firefighting	: Do not attempt to take action without suitable protective equipment. Complete protective clothing. When fighting a major fire wear self-contained breathing apparatus and protective equipment. Isolate fire area. Evacuate downwind residents. Wear full protective clothing and self contained breathing apparatus. Do not breathe smoke or vapours generated.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

General measures	: Absorb spillage to prevent material damage.
------------------	---

6.1.1. For non-emergency personnel

Protective equipment	: Wear recommended personal protective equipment. Wear approved dust/particulate filter respirator and full protective clothing.
Emergency procedures	: Ventilate spillage area. Evacuate all non-essential personnel from affected area. Do not breathe dust. Ensure adequate ventilation. Avoid generating dust.

6.1.2. For emergency responders

Protective equipment	: Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".
Emergency procedures	: Evacuate unnecessary personnel.

6.2. Environmental precautions

Avoid release to the environment. In the event of a major spill, prevent spillage from entering drains or water courses.

Exifoam (For Agricultural Use)

Safety Data Sheet

according to the Work Health and Safety (WHS) Regulations

6.3. Methods and materials for containment and cleaning up

Methods for cleaning up: : Surround and absorb all spills. Material should be collected and disposed in proper manner. Soak up spill with a suitable absorbent such as clay, sawdust or kitty litter. Sweep up absorbed material and place in a chemical waste container for disposal.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Precautions for safe handling : Ensure good ventilation of the work station. Wear personal protective equipment. Use of safe work practices are recommended to avoid eye or skin contact and inhalation of dust.

Hygiene measures : Do not eat, drink or smoke when using this product. Always wash hands after handling the product. Food, beverages and tobacco products should not be stored or consumed where this material is in use. Always wash hands before smoking, eating, drinking or using the toilet. Wash contaminated clothing and other protective equipment before storage or re-use. Provide eyewash fountains and safety showers in close proximity to points of potential exposure.

7.2. Conditions for safe storage, including any incompatibilities

Storage conditions : Store in a cool, dry and well ventilated area. Keep in original container tightly closed when not in use. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water ways. Protect from extreme temperatures.

Incompatible materials : Strong oxidising agents.

SECTION 8: Exposure controls and personal protection

8.1. Control parameters - exposure standards

No additional information available

8.2. Monitoring methods

No additional information available

8.3. Engineering controls

Appropriate engineering controls : Ensure adequate ventilation of the working area. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure.

8.4. Individual protection measures, such as personal protective equipment (PPE)

Personal protective equipment : Wear recommended personal protective equipment. Protective clothing. Gloves. Safety glasses. Wear respiratory protection. Boots.

Hand protection : Protective gloves

Eye protection : Safety glasses. face shield

Skin and body protection : Wear suitable protective clothing. Long sleeved protective clothing. long pants

Respiratory protection : In case of insufficient ventilation, wear suitable respiratory equipment. Where an inhalation risk exists, wear a Class P1 (particulate) respirator. See Australian/New Zealand Standards AS/NZS 1715 and 1716 for more information.

Personal protective equipment symbol(s)

Environmental exposure controls : Avoid release to the environment.

Exifoam (For Agricultural Use)

Safety Data Sheet

according to the Work Health and Safety (WHS) Regulations

Other information : Handle in accordance with good industrial hygiene and safety practice. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure. Avoid contact with skin, eyes and clothing. Avoid breathing dust/fume/gas/mist/vapours/spray. Keep away from food, drink and animal feeding stuffs. Do not eat, drink or smoke when using this product. Wash hands before breaks and immediately after handling the product. Take off immediately all contaminated clothing and wash it before reuse.

SECTION 9: Physical and chemical properties

Physical state : Liquid
Appearance : No data available
Colour : Milky
Odour : Mild
Odour threshold : No data available
pH : 7.5
pH solution : No data available
Relative evaporation rate (butylacetate=1) : No data available
Melting point / Freezing point : Freezing point: Not applicable
Boiling point : No data available
Flash point : Not applicable
Auto-ignition temperature : Not applicable
Flammability : Product is not flammable
Vapour pressure : No data available
Relative density : No data available
Density : No data available
Solubility : No data available
Partition coefficient n-octanol/water (Log Pow) : No data available
Viscosity, kinematic : Not applicable
Explosive properties : No data available
Explosive limits : Not applicable
Minimum ignition energy : No data available
Fat solubility : No data available

SECTION 10: Stability and reactivity

Reactivity : The product is non-reactive under normal conditions of use, storage and transport.
Chemical stability : Stable at ambient temperature and under normal conditions of use.
Possibility of hazardous reactions : Hazardous polymerisation will not occur.
Conditions to avoid : Avoid extreme temperatures.
Incompatible materials : Strong oxidising agents.
Hazardous decomposition products : Toxic fumes may be released. Once water ingredient has evaporated, product will burn and can emit toxic fumes. Carbon oxides (CO, CO₂). Silicon oxides.

SECTION 11: Toxicological information

Acute toxicity (oral) : Not classified (Based on available data, the classification criteria are not met)
Acute toxicity (dermal) : Not classified (Based on available data, the classification criteria are not met)
Acute toxicity (inhalation) : Not classified (Based on available data, the classification criteria are not met)

Exifoam (For Agricultural Use)

LD50 oral	> 2000 mg/kg
Skin corrosion/irritation	: Not classified (Based on available data, the classification criteria are not met) pH: 7.5
Serious eye damage/irritation	: Not classified (Based on available data, the classification criteria are not met) pH: 7.5
Respiratory or skin sensitisation	: Not classified (Based on available data, the classification criteria are not met)
Germ cell mutagenicity	: Not classified (Based on available data, the classification criteria are not met)
Carcinogenicity	: Not classified (Based on available data, the classification criteria are not met)

Exifoam (For Agricultural Use)

Safety Data Sheet

according to the Work Health and Safety (WHS) Regulations

Reproductive toxicity	: Not classified (Based on available data, the classification criteria are not met)
STOT-single exposure	: Not classified (Based on available data, the classification criteria are not met)
STOT-repeated exposure	: Not classified (Based on available data, the classification criteria are not met)
Aspiration hazard	: Not classified (Based on available data, the classification criteria are not met)

Exifoam (For Agricultural Use)

Viscosity, kinematic	Not applicable
----------------------	----------------

SECTION 12: Ecological information

12.1. Ecotoxicity

Ecology - general	: The product is not considered harmful to aquatic organisms nor to cause long-term adverse effects in the environment.
Hazardous to the aquatic environment, short-term (acute)	: Not classified (Based on available data, the classification criteria are not met)
Hazardous to the aquatic environment, long-term (chronic)	: Not classified (Based on available data, the classification criteria are not met)

Polydimethylsiloxane (63148-62-9)

LC50 - Fish [1]	> 10000 mg/l (96h Rainbow trout)
LC50 - Fish [2]	> 10000 mg/l (96h Bluegill/Sunfish, static bioassay)

12.2. Persistence and degradability

Exifoam (For Agricultural Use)

Persistence and degradability	Half-life of 32 hours.
-------------------------------	------------------------

Polydimethylsiloxane (63148-62-9)

Persistence and degradability	No additional information available.
-------------------------------	--------------------------------------

12.3. Bioaccumulative potential

No additional information available

12.4. Mobility in soil

Exifoam (For Agricultural Use)

Mobility in soil	Immobile. Rapid and extensive degradation is expected on dry surface soils. Some microbial degradation is likely.
------------------	---

12.5. Other adverse effects

Ozone	: Not classified (Based on available data, the classification criteria are not met)
Other adverse effects	: No additional information available

Exifoam (For Agricultural Use)

Fluorinated greenhouse gases	False
------------------------------	-------

Polydimethylsiloxane (63148-62-9)

Fluorinated greenhouse gases	False
------------------------------	-------

SECTION 13: Disposal considerations

Waste treatment methods	: Dispose of contents/container in accordance with licensed collector's sorting instructions. Dispose according to applicable local and state government regulations. Special Precautions for Landfill or Incineration: Please consult your state Land Waste Management Authority for more information.
Sewage disposal recommendations	: Disposal must be done according to official regulations.

Exifoam (For Agricultural Use)

Safety Data Sheet

according to the Work Health and Safety (WHS) Regulations

Product/Packaging disposal recommendations : Comply with applicable regulations for solid waste disposal.

SECTION 14: Transport information

In accordance with ADG / IMDG / IATA

14.1. UN number

Not regulated for transport

14.2. UN Proper Shipping Name

Proper Shipping Name (ADG) : Not regulated

Proper Shipping Name (IMDG) : Not regulated

Proper Shipping Name (IATA) : Not regulated

14.3. Transport hazard class(es)

ADG

Transport hazard class(es) (ADG) : Not regulated

IMDG

Transport hazard class(es) (IMDG) : Not regulated

IATA

Transport hazard class(es) (IATA) : Not regulated

14.4. Packing group

Packing group (ADG) : Not regulated

Packing group (IMDG) : Not regulated

Packing group (IATA) : Not regulated

14.5. Environmental hazards

Other information : No supplementary information available

14.6. Special precautions for user

Specific storage requirement : No data available

Shock sensitivity : No data available

14.7. Additional information

Other information : No supplementary information available

Transport by road and rail

Not regulated

Transport by sea

Not regulated

Air transport

Not regulated

14.8. Hazchem or Emergency Action Code

Hazchem Code : Not applicable

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations

Australian Industrial Chemicals Introduction Scheme (AICIS)

Australian Inventory of Industrial Chemicals (AIIC) : All the chemicals contained in this product are listed on the AIIC(Australian Inventory of Industrial Chemicals)

Exifoam (For Agricultural Use)

Safety Data Sheet

according to the Work Health and Safety (WHS) Regulations

Standard for the Uniform Scheduling of Medicines and Poisons (SUSMP)

Relevant Poisons Schedule number : Not Scheduled

Other information on relevant regulations : The product is regulated under National and State Government Agricultural bodies and is exempted from APVMA Registration.

15.2. International agreements

No additional information available

SECTION 16: Other information

Classification

Not classified

Safety Data Sheet (SDS), Australia

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product.
